

Jerome Joel Borrromeo J

A bit about me

I'm a curious and creative mind who loves solving design problems in a natural way. I've been practicing the art of design and problem solving for 7+ years. I believe that design is the beginning of everything. Everything beautiful, functional, and remarkable.

Work Experience

Product Designer for Design Tool

Zoho Corp | 2019 - Present

I'm currently designing the "Most complete design platform" for Mac, Web and Windows. This project helped me build experience in designing apps for macOS, Windows OS and the web.

Product Designer for Android

Zoho Corp | 2018 - 2019

Having designed Zoho Show's UI for Apple devices, I was given an opportunity to design Zoho Show for Android. And this helped me understand designing apps for Android Mobile, Tablet, Smart Watch and Android TV.

Visual Designer

Zoho Corp | 2016 - 2018

My first project was to design a native iOS app for Zoho Show.

Academic History

Bachelor of Engineering

8.2 CGPA | KRCE

I'm a Computer Science Engineering major. Though good at writing code, I've always been inclined towards design.

Specializations

- UI / UX Design
- Website Design
- Product Video Creation
- Product Music Composition

Tool Expertise
